Dear Police, Firefighters and Families,

The 18th World Police and Fire Games will be hosted in Asia, China, Chengdu for the first time. We are ready for you, and on behalf of the Chengdu Public Security Bureau and the 40,000 police officers, I would like to extend my warmest welcome to you and your family come to Chengdu for the Games.

Chengdu, a historical and cultural city with a history of 4,500 years urban civilization and 2,300 city history, enjoys the reputation of "the Land of Abundance" with profound cultural heritages and rich tourism resources. "The world famous city of culture, tourism and international sport events, the capital city of gastronomy, the music and the exhibition " are the new titles of Chengdu. As the starting point of this former South Silk Road, the city is experiencing rapid changes with its ambition.

Chengdu is the "Best City to Visit in China" named by the UNWTO and National Tourism Bureau, having more than 40 AAAA level or above scenery spots, such as the World Natural and Cultural Heritage Qingchengshan Mountain and Dujiangyan Irrigation system and the Giant Panda Habitat as well as the Wuhou Shrine, Dufu Thatched Cottage and Jinsha Site. The city also has Sichuan Opera, Qiang embroidery and many other intangible cultural heritages. It is famous as "fast work, slow life" and is known as "a city you never want to say goodbye to". Chengdu has been ranked top as the "happiest city in China" for consecutive years. The National Geographic also ranks Chengdu as one of the 21 Must-see Destinations in the world.

In 2010, Chengdu was awarded the honorary title of "The City of Gastronomy" by UNESCO. Only 6 cities in the world have won this honor. You can taste the delicious food from all over the world here, and you can fully feel "each dish has its own style; a hundred dishes have a hundred different flavors" of Sichuan cuisine. Currently, Chengdu has become an important "window" in western China. It has nearly 20 foreign consular agencies and more than 80 international sister cities. More than 110 international air routes make Chengdu easily reach by the rest of world.

Chengdu has prepared for the WPFG with all kinds of rich sports facilities, plenty of enthusiastic and professional volunteers, a fully functional urban public safety system, a sound medical care system, and developed urban public transportation and ample hotel resources. The city will not only meet the needs of hosting the WPFG, but also provide you with a feeling of home like. During the Games, we will also hold 2019 China (Chengdu) International Police and Fire Equipment Expo, and also carry out a variety of theme cultural activities, in order to strengthen communication and friendship for all participants and guests. I believe that with the support of the WPFG Federation and all of you, we will be able to make this Games a "passionate, wonderful, successful, perfect" event ever.

Once again, I sincerely welcome you to the 18th World Police and Fire Games in Chengdu, China. A wonderful and memorable time in Chengdu would be ensured.

Deputy Mayor of Chengdu Municipal People’s Government
Director of Chengdu Municipal Public Security Bureau
Deputy Director of the 2019 Chengdu WPFG Organizing Committee
Dear Police, Firefighters and Families,

The 18th World Police and Fire Games will be held in Chengdu from August 8th to August 18th, 2019. As the first Asian host city of the Games, Chengdu, China is ready to present its glamour and hospitality. Firefighters of Chengdu and the whole China are also ready to hit the road. On behalf of the Chengdu Fire Fighting Brigade and the 3,500 officers from fire and rescue service, I would like to extend my warm welcome to you and your families to Chengdu for the Games. May you enjoy the happiness of the grand event in this passionate land.

Chengdu (literally, becoming a city) was named because "it grew into a settlement after one year's development, a county after two years' development and a city after three years' development." It is a city whose name has never been changed over 2,500 years and which owns the reputation of a historical and cultural city. At the same time, Chengdu, honored as the "Land of Abundance", is also an elegant and fashionable metropolis. Though bristling with towering buildings, the city is filled with lingering charm of the past. Rich greenery and blossom may take you back to the flowery spring morning after a delightful rain when blooms fill the city fair. Time-honored cultural relics such as Wuhou Shrine, Jinsha Site and Wangjiang Pavilion will lead you to the untold stories and folks. Fancy restaurants scattered in streets and alleys will give a chance for all to explore the culinary art of Chengdu and its unique aura as a "City of Gastronomy".

The 2019 Chengdu World Police and Fire Games will be a good platform for exchanges and cooperation with our international counterparts. Competition facilitates deeper exchange between athletes while interactions off the court help firefighters form closer ties. The fire vehicle equipment exhibition, firefighting and rescue work theme photography exhibition and other activities will also be organized during the Games. In addition to the competition, the participants will have more in-depth discussions on the ethos, function, approach and mechanism of fire rescue. The theme of integrates the "Fight against fire, save lives, and help those in danger" will be shared throughout the Games. I believe that, with joint efforts of us all, we are confident to make the Chengdu 2019 World Police and Fire Games the most fantastic and successful event.

Once again, I cordially invite you and your families to participate in the 18th World Police and Fire Games in Chengdu, China and to feel the warmth, hospitality and friendliness of the city and its people with true love and passion.

The appearance of the taxis is green, and the main types are Jetta Volkswagen and Geely Di Hao Electric. When the taxis in Chengdu are not carrying passengers, you can call the car by waving, or call the car through the venues, hotels and other service personnel. There are about 80,000 ride-hailing vehicles in Chengdu, which can be called by the APP. Tad provides passengers with flexible, convenient and personalized travel services.
